## A BILL

To amend titles IV and XX of the Social Security Act to restore funding for the Social Services Block Grant, and restore for fiscal year 2002 the ability of States to transfer up to 10 percent of funds from the program of block grants to States for temporary assistance for

needy families to carry out activities under the Social Services Block Grant.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,

## 3 SECTION 1. FINDINGS.

- 4 Congress makes the following findings:
- 5 (1) Since 1975, title XX of the Social Security 6 Act (42 U.S.C. 1397 et seq.), commonly referred to 7 as the Social Services Block Grant (in this section 8 referred to as "SSBG"), has authorized funding for 9 social services to ensure that at-risk children and 10 families, the elderly, and physically and mentally dis-11 abled individuals remain stable, independent, and 12 economically self sufficient. In 1981, Congress and 13 the Reagan Administration converted SSBG into a 14 block grant designed to give maximum flexibility to 15 States to serve these fundamental purposes.
  - (2) Funds provided under the SSBG focus costeffective support at the community level that prevents the need for inappropriate institutional care which is more costly for Federal and State programs such as the medicaid, medicare, and the social services disability benefits programs.
  - (3) The SSBG helps to further the goals set forth in the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law

- 1 104–193; 110 Stat. 2105) by supporting Temporary
  2 Assistance to Needy Families (TANF) and support3 related programs such as on-the-job training, child
  4 care, transportation, counseling, and other services
- 5 that facilitate long-term family stability and eco-
- 6 nomic self sufficiency.

- (4) The SSBG provides essential funding to many States for child welfare services that support the goals of the Adoption and Safe Families Act of 1997 (Public Law 105–89; 111 Stat. 2115) to promote a safe family environment and encourage adoption to move children into stable and permanent families.
  - (5) The SSBG helps promote independent living for vulnerable and low-income elderly individuals by supporting home care services, including home-delivered meals, adult protective services, adult day care, and other essential case management services provided in every State.
  - (6) It is reported that 820,000 older Americans are abused and neglected in this country each year. There are additional concerns about the under reporting of elderly abuse and neglect. The SSBG supports adult protective services that prevent widespread abuse and neglect of older Americans and

- help more than 651,000 elderly individuals in 31
  States.
  - (7) More than 570,000 disabled individuals receive a range of community-based services and supports nationwide. The SSBG provides significant resources to fill the funding gaps in the developmental disabilities system by supporting such services as early intervention and crisis intervention, adult day care, respite care, transportation, employment training, and independent living services in 38 States.
    - (8) The SSBG supports essential mental health and related services to ensure that vulnerable adults and children receive early intervention to prevent more serious and costly mental health crises in the future. Such services include the provision of counseling to almost 400,000 adults and children, case management services for nearly 900,000 families, and the provision of information and referral assistance to more than 1,300,000 individuals.
    - (9) There are nearly 3,000,000 reports of child abuse and neglect each year. There are currently over 300,000 children in the American foster care system. The SSBG enables the provision of child protective services to 1,300,000 children, adoption services to over 150,000 children and families, and

- prevention and intervention services to more than 700,000 families.
- 3 (10) The SSBG has been eroded by more than 4 \$1,000,000,000 over the last 6 years resulting in 5 cuts in services in many States and local commu-6 nities.
  - (11) Temporary Assistance to Needy Families (TANF) block grants cannot be used to make up cuts to the SSBG because a large percentage of SSBG funds are used for the elderly, disabled, and other populations that are ineligible for TANF funds.
  - (12) The 104th Congress made a commitment to the SSBG in the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 by authorizing the program at \$2,380,000,000 through fiscal year 2002 and returning the authorization for the program to \$2,800,000,000 in fiscal year 2003 and each succeeding fiscal year.
